## Visit to Daya Bay Nuclear Station

## 參觀大亞灣核電廠

A visit to Daya Bay Nuclear Station was organized by College of Nursing, Hong Kong on 8 November 2017. More than twenty participants gathered at Kowloon Tong MTR Station and took a coach directly to Daya Bay.

香港護理學院於二零一七年十一月十八日舉辦大亞灣核電廠參觀活動。在這秋高氣爽的日子，一行二十多人於九龍塘集合乘坐直通旅遊巴士往大亞灣核電廠。

The tour was full of pleasure. The senior advisor of the Daya Bay Nuclear Station introduced the operation of the nuclear plant, the principle of nuclear power generation, various kinds of contingency plans as well as the training for the management staff in the station. He led the tour to visit the Nuclear Power Plant Exhibition Hall and the nuclear reactor models, fuel assemblies and the handling of nuclear waste and storage were introduced. We also visited two simulation control rooms, so the participants could understand more about the operation of the nuclear power station. A delicious lunch was provided and all participants could take this opportunity to know each other and share. They had an informative and enjoyable Saturday tour.

是次活動行程豐富，大亞灣核電廠的資深講解員除了為大家介紹核電廠的運作、核能發電的原理、各種應急計劃和管理人員的培訓外，還帶大家於大亞灣核電廠展覽館內，參觀核反應堆模型及燃料裝配，認識核廢料的處理和儲存；並且參觀了兩個模擬控制室，令參加者更了解核電廠的運作模式。參觀活動更有美味的午膳，讓參加者藉此機會能彼此認識及交流，共同渡過一個愉快的週末！

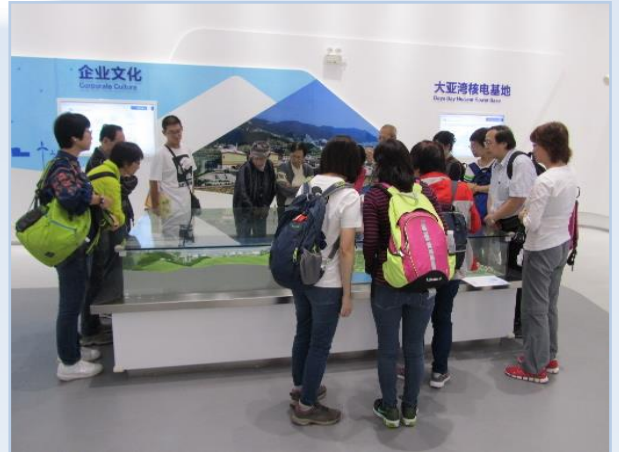

The College would like to take this opportunity to express our sincere thanks to the Daya Bay Nuclear Station for their unfailing support throughout the years.

藉著是次機會亦感謝大亞灣核電廠多年來對本學院的支持。

The College will continue to organise different kinds of activities to our nursing colleagues, please visit our website for the latest information and we look for your continuous support.

學院將繼續舉辦不同類型的活動予護理同業，請會員留意學院訊息並踴躍支持。
