To advance the professional competence of nurses and to pave the way for setting up a statutory registration system in the long run, Food and Health Bureau invited NCHK, the statutory regulatory authority of the nursing profession in Hong Kong, to establish and implement a voluntary scheme within a two-year time frame. In 2018, NCHK has formed a high-level Working Group on Advanced/Specialised Nursing Practice (“WG”) to:

**1<sup>st</sup> Treasurer**

Ms HUIE-ROSE Chi Kwan, Cynthia  
許智群

1. Define and conceptualize the core competencies of advanced and specialized nursing practice;
2. Propose a mechanism for setting training standards and recognizing training institutes for advanced and specialized nursing practice; and
3. Propose the implementation arrangement

**2<sup>nd</sup> Treasurer**

Ms YANG So Fan, Aileen  
楊素芬

**Council Members**

Ms CHAN Lai Ching, Pearl  
陳麗貞

NCHK held a briefing on the progress of the WG and launched the consultation exercise simultaneously in Jan 2019, to ensure the views from stakeholders are taken into consideration throughout the course of formulating of the Scheme.
