Language	Cantonese with English lecture notes	
Course Description	<p>This course is designed for nurses across all settings. It aims to address the primary concerns faced by nurses and to equip them with basic palliative care skills and knowledge to integrate into their practice in the care of people with serious life-limiting illnesses.</p> <p>Through the concept of "people-centeredness", the training in nursing skills in palliative care is to return to the basic of care, to enhance the provision of appropriate care for patients with terminal diseases. So that patients can receive suitable and dignified care and peace of mind in the face of physical decline, even in the late stage of life.</p>
